

We're Hiring: Campaign & Research Intern

Brief job description:

The Research & Campaign Intern (RCI) will support the Research Coordinator and Campaign Officer to create exciting and engaging content to challenge sexist norms and attitudes in society.

The RCI will also support research and advocacy projects, using their problem solving skills and knowledge of women's rights issues to develop high quality outputs that can be used to promote gender equality.

This is a 30-hour per week internship for 6 months, based in our office in central Phnom Penh. Stipend is 200 USD per month, plus NSSF contribution, starting on 1st August.

Key responsibilities:

- Support the production and delivery of regular Feminist Friday Chats videos.
- Support projects, including a youth photo competition and FPAR research project
- Apply graphic design skills to develop creative and engaging social media content
- Support the development and translation of an informative factsheet from research findings
- Support with institutional fundraising, monitoring and evaluation
- Contribute to other research & campaign activities, including writing blog article, assist guest lecture & training, and working with partners & allies

Selection criteria:

Essential:

- Commitment to principles of feminism, gender equality and social justice
- Enthusiasm and a strong initiative, and a willingness to learn new things
- Fluency in written and spoken Khmer, with an excellent level of spelling
- A good working knowledge of English
- Basic graphic design and social media skills (or a strong desire to learn)

Desirable:

- Experience working in a previous role or internship to promote gender equality, human rights, development or similar;
- Experience conducting research or advocacy, or a strong desire to gain skills;
- An undergraduate degree in a relevant area (ongoing or recently completed).
